Note 1: Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the County under programs of the federal government for the year ended December 31, 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the Operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash

Note 2: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the (modified accrual basis) OR (modified cash basis) basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The County has elected to use

Note 3: Federal Reimbursement

Federal reimbursements are not based upon specific expenditures. Therefore, the amounts reported here represent cash received rather than federal expenditures.

Note 4: Major Federal Financial Assistance Program

Pass-Through Total Federal Federal Grantor/Pass-Through Grantor Federal CFDA Entity Identifying Passed Through Expenditures Program or Cluster Title Number Number to Subrecipients 2019

This represents a Major Federal Financial Assistance Program.

Note 5: Federal Loan Program

The County had the following loan balances outstanding at December 31, 2017. These loan balances outstanding which have continuing compliance requirements are also included in the federal expenditures presented in the Schedule.

Cluster/Program Title	Federal CFDA Number	Amount Outstanding

Note 6: Federal Surplus Property

The amount reported represents 23.3% of the original acquisition cost of the federal surplus property received by the County.

EDMUNDS COUNTY NOTES TO THE MODIFIED CASH BASIS FINANCIAL STATEMENTS DECEMBER 31, 2019

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 1.c, these financial statements are presented on a modified cash basis of accounting. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements.

a. Financial Reporting Entity:

The reporting entity of Edmunds County, (County) consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility); those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

The County organized the Edmunds County Housing and Redevelopment Commission solely for abdicating its authority over the non-municipal housing projects within the County to the Mobridge Housing Commission organized by the Municipality of Mobridge. Therefore, this component unit's financial activity was not included on the County's annual report. The financial activity of this component unit is to be included as a component unit on the Municipality of Mobridge's annual report.

The County participates in two cooperative units. See detailed note entitled "Joint Ventures" for specific disclosures. Joint ventures do not meet the criteria for inclusion in the financial reporting entity as a component unit, but are discussed in these notes because of the nature of their relationship with the County.

b. Basis of Presentation:

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information about the reporting entity as a whole. They include all funds of the reporting entity except for fiduciary funds. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and fiduciary. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the County or it meets the following criteria:

 Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and

2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all

governmental and enterprise funds combined, or

3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the County financial reporting entity are described below:

Governmental Funds:

<u>General Fund</u> – The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is always considered to be a major fund.

<u>Special Revenue Funds</u> – Special revenue funds are used to account for the proceeds of specific revenue sources (other than trusts for individuals, private organizations, or other governments or for major capital projects) that are legally restricted to expenditures for specified purposes.

Road and Bridge Fund - to account for funds credited to the road and bridge fund pursuant to SDCL 32-11-4.2 to be used by the board of county commissioners for grading, constructing, planing, dragging, and maintaining county highways and also for dragging, maintaining and grading secondary roads. Proper equipment for dragging grading, and maintaining highways, such as graders, tractors, drags, maintainers, and planers may be purchased from the road and bridge fund. (SDCL 32-11-2 and 32-11-4.2). This is a major fund.

The remaining Special Revenue funds are not considered major funds: 911 Service, Emergency Management, Domestic Abuse, 24/7 Sobriety, and Modernization and Preservation Relief. These funds are reported on the fund financial statements as "Other Governmental Funds".

Fiduciary Funds:

Fiduciary funds consist of the following sub-category and are never considered to be major funds:

<u>Custodial Funds</u> – Custodial funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private-purpose trust funds. Custodial funds are used to account for the accumulation and distribution of property tax revenues and various pass-through funds.

c. Measurement Focus and Basis of Accounting:

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

The County's basis of accounting is the modified cash basis, which is a basis of accounting other than USGAAP. Under USGAAP, transactions are recorded in the accounts when revenues are earned and liabilities are incurred. Under the modified cash basis, transactions are recorded when cash is received or disbursed.

Measurement Focus:

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the economic resources measurement focus, applied within the limitations of the modified cash basis of accounting as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used, applied within the limitations of the modified cash basis of accounting.

Basis of Accounting:

In the government-wide Statement of Net Position and Statement of Activities and the fund financial statements, governmental activities are presented using a modified cash basis of accounting.

The modified cash basis of accounting involves the measurement of cash and cash equivalents and changes in cash and cash equivalents resulting from cash receipt and disbursement transactions. Under the modified cash basis of accounting, the statement of financial position reports only cash and cash equivalents (those investments with terms to maturity of 90 days (three months) or less at the date of acquisition). Under the modified cash basis of accounting, transactions are recorded in the accounts when cash and/or cash equivalents are received or disbursed and assets and liabilities are recognized to the extent that cash has been received or disbursed. The acceptable modification to the cash basis of accounting implemented by the County in these financial statements is:

Recording long-term investments in marketable securities (those with maturities more than 90-days (three months) from the date of acquisition) acquired with cash assets at cost.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the County applied USGAAP, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

d. Deposits and Investments:

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with a term to maturity at date of acquisition of three months or less. Investments in open-end mutual fund shares, or similar investments in external investment pools, are also considered to be cash equivalents.

Investments classified in the financial statements consist entirely of certificates of deposit whose term to maturity at date of acquisition exceeds three months, and/or those types of investment authorized by South Dakota Codified Laws (SDCL) 4-5-6. Under the modified cash basis of accounting, investments are carried at cost.

e. Capital Assets:

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. *Infrastructure assets* are long-lived capital assets that normally are stationary in nature and normally can be preserved for significantly greater number of years than most capital assets.

As discussed in Note 1.c. above, the government-wide Statement of Net Position and Statement of Activities and the fund financial statements are presented using a modified cash basis of accounting. The County has not elected to modify their cash basis presentation by recording capital assets arising from cash transactions and depreciating those assets where appropriate so any capital assets owned by the County and the related depreciation are not reported on the financial statements of the County.

f. Program Revenues:

Program revenues derive directly from the program itself or from parties other than the County's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

- Charges for services These arise from charges to customers, applicants, or others
 who purchase, use, or directly benefit from the goods, services, or privileges provided,
 or are otherwise directly affected by the services.
- 2. Program-specific operating grants and contributions These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
- 3. Program-specific capital grants and contributions These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

g. Equity Classifications:

Government-wide Financial Statements:

Equity is classified as Net Position and is displayed in two components:

1. Restricted Net Position – Consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.

 Unrestricted Net Position – All other net position that do not meet the definition of Restricted Net Position.

Fund Financial Statements:

Governmental fund equity is classified as fund balance, and may distinguish between "Nonspendable", "Restricted", "Committed", "Assigned" and "Unassigned" components. Agency Funds have no fund equity. The Net Position is reported as Net Position Held in Custodial Capacity.

h. Application of Net Position:

It is the County's policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

i. Fund Balance Classification Policies and Procedures:

In accordance with Government Accounting Standards Board (GASB) No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the County classifies governmental fund balances as follows:

- Nonspendable includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted includes fund balance amounts that are constrained for specific purposes
 which are externally imposed by providers, such as creditors or amounts constrained due
 to constitutional provisions or enabling legislation.
- <u>Committed</u> includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and dos not lapse at year-end.
- <u>Assigned</u> includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the County Commissioners.
- <u>Unassigned</u> includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The County uses restricted /committed amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Government does not have a formal minimum fund balance policy.

The purpose of each major special revenue fund and revenue source is listed below:

Major Special Revenue Fund
Road and Bridge Fund

Revenue Source
Federal and State Grants, and Motor
Vehicle Licenses

2. DEPOSITS AND INVESTMENTS CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK

The County follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

Deposits - The County's cash deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 7-20-1, 7-20-1.1 and 7-20-1.2, and may be in the form of demand or time deposits. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating which may not be less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

Investments – In general, SDCL 4-5-6 permits County funds to be invested only in (a) securities of the United States and securities guaranteed by the United States Government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a) above; or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) above and repurchase agreements described in (b) above. Also, SDCL 4-5-9 requires investments to be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

As of December 31, 2019, the investments reported in the financial statements consist of only certificates of deposit.

Credit Risk – State law limits eligible investments for the County, as discussed above. The County has no investment policy that would further limit its investment choices.

Concentration of Credit Risk – The County places no limit on the amount that may be invested in any one issuer.

Interest Rate Risk – The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Assignment of Investment Income - State law allows income from deposits and investments to be credited to either the General Fund or the fund making the investment. The County's policy is to credit all income from investments to the fund making the investment.

3. PROPERTY TAXES

Property taxes are levied on or before October 1, of the year preceding the start of the fiscal year. They attach as an enforceable lien on property, and become due and payable as of the following January 1, the first day of the fiscal year. Taxes are payable in two installments on or before April 30 and October 31 of the fiscal year.

The County is permitted by several state statutes to levy varying amounts of taxes per \$1,000 of taxable valuation on taxable real property in the County.

4. INTERFUND TRANSFERS

Interfund transfers for the year ended December 31, 2019 were as follows:

	<u>Transfers To</u> :				
	Road	Other			
	and Bridge	Governmental			
<u>Transfers From</u> :	Fund	Funds	Total		
Major Funds: General Fund	\$1,500,000.00	\$20,000.00	\$1,520,000.00		

Interfund transfers for the year ended December 31, 2018 were as follows:

	<u>Transfers To</u> :				
	Road and Bridge	Other Governmental			
<u>Transfers From</u> :	Fund	Funds	Total		
Major Funds:					
General Fund	\$1,300,000.00	\$35,000.00	\$1,335,000.00		

The County typically budgets transfers to the Road and Bridge Fund and the Emergency Management Fund (Other Governmental Funds) to conduct the indispensable functions of the County.

5. PENSION PLAN

Plan Information:

All employees, working more than 20 hours per week during the year, participate in the South Dakota Retirement System (SDRS), a cost sharing, multiple employer defined benefit pension plan administered by SDRS to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability, and survivor benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at http://sdrs.sd.gov/publications.aspx or by writing to the SDRS, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731.

Benefits Provided:

SDRS has three different classes of employees, Class A general members, Class B public safety and judicial members, and Class C Cement Plant Retirement Fund members.

Members that were hired before July 1, 2017, are Foundation members. Class A Foundation members and Class B Foundation members who retire after age 65 with three years of contributory service are entitled to an unreduced annual retirement benefit. An unreduced annual retirement benefit is also available after age 55 for Class A Foundation members where the sum of age and credited service is equal to or greater than 85 or after age 55 for Class B Foundation judicial members where the sum of age and credited service is equal to or greater than 80. Class B Foundation public safety members can retire with an unreduced annual retirement benefit after age 55 with three years of contributory service. An unreduced annual retirement benefit is also available after age 45 for Class B Foundation public safety members where the sum of age and

credited service is equal to or greater than 75. All Foundation retirement benefits that do not meet the above criteria may be payable at a reduced level.

Members that were hired on/after July 1, 2017, are Generational members. Class A Generational members and Class B Generational judicial members who retire after age 67 with three years of contributory service are entitled to an unreduced annual retirement benefit. Class B Generational public safety members can retire with an unreduced annual retirement benefit after age 57 with three years of contributory service. At retirement, married Generational members may elect a single-life benefit, a 60 percent joint and survivor benefit, or a 100 percent joint and survivor benefit. All Generational retirement benefits that do not meet the above criteria may be payable at a reduced level. Generational members will also have a variable retirement account (VRA) established, in which they will receive up to 1.5 percent of compensation funded by part of the employer contribution. VRAs will receive investment earnings based on investment returns.

Legislation enacted in 2017 established the current COLA process. At each valuation date:

- Baseline actuarial accrued liabilities will be calculated assuming the COLA is equal to the long-term inflation assumption of 2.25%
- If the fair value of assets is greater or equal to the baseline actuarial accrued liabilities, the COLA will be:
 - The increase in the 3rd quarter CPI-W, no less than 0.5% and no greater than 3.5%.
- If the fair value of assets is less than the baseline actuarial accrued liabilities, the COLA will be:
 - The increase in the 3rd quarter CPI-W, no less than 0.5% and no greater than a restricted maximum such that, that if the restricted maximum is assumed for future COLAs, the fair value of assets will be greater of equal to the accrued liabilities.

All benefits except those depending on the Member's Accumulated Contributions are annually increased by the Cost-of-Living Adjustment.

Contributions:

Per SDCL 3-12, contribution requirements of the active employees and the participating employers are established and may be amended by the SDRS Board. Covered employees are required by state statute to contribute the following percentages of their salary to the plan; Class A Members, 6.0% of salary; Class B Judicial Members, 9.0% of salary; and Class B Public Safety Members, 8.0% of salary. State statute also requires the employer to contribute an amount equal to the employee's contribution. The County's share of contributions to the SDRS for the fiscal years ended December 31, 2019, 2018, and 2017, equal to the required contributions each year, were as follows:

Year	Amount
2019	\$ 95,245.81
2018	\$ 90,121.75
2017	\$ 85.758.06

<u>Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resource and Deferred Inflows or Resources to Pensions:</u>

At June 30, 2019, SDRS is 100.09% funded and accordingly has a net pension asset. The proportionate shares of the components of the net pension asset of South Dakota Retirement System, for the County as a measurement period ending June 30, 2019 and reported by the County as of December 31, 2019 are as follows:

Proportionate share of pension liability

\$9,179,932.45

Less proportionate share of net pension restricted for pension benefits

\$9,187,738.63

Proportionate share of net pension liability (asset)

\$ (7,806.18) ========

At December 31, 2019 the County reported a liability (asset) of for its proportionate share of the net pension liability (asset).

(7,806.18)

The net pension liability (asset) was measured as of as of June 30 ,2019 and the total pension liability (asset) used to calculate the net pension liability (asset) was based on a projection of the County's/Municipality's share of contributions to the pension plan relative to the contributions of all participating entities. At June 30, 2019 the County's proportion was 0.7366220% which is an increase of 0.0037552% from its proportion measured as of June 30, 2018.

Actuarial Assumptions:

The total pension liability (asset) in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25 percent

Salary Increases Graded by years of service, from 6.50% at entry to 3.00%

Discount rate 6.50% net of plan investment expense

Mortality rates were based on 97% of the RP-2014 Mortality Table, adjusted to 2006 projected generationally with Scale MP-2016, white collar rates for females and total dataset rates for males. Morality rates for disabled members were based on the RP-2014 Disabled Retiree Mortality Table, projected generationally with Scale MP-2016.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period of July 1, 2011 to June 30, 2016.

Investment portfolio management is the statutory responsibility of the South Dakota Investment Council (SDIC), which may utilize the services of external money managers for management of a portion of the portfolio. SDIC is governed by the Prudent Man Rule (i.e., the council should use the same degree of care as a prudent man). Current SDIC investment policies dictate limits on the percentage of assets invested in various types of vehicles (equities, fixed income securities, real estate, cash, private equity, etc.). The long-term expected rate of return on pension plan investments was determined using a method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018 (see the discussion of the pension plan's investment policy) are summarized in the following table using geometric means:

Asset Class	Target <u>Allocation</u>	Long-Term Expected Real Rate of Return
Global Equity	58.0%	4.7%
Fixed Income	30.0%	1.7%
Real Estate	10.0%	4.3%
Cash	2.0%	0.9%
Total	100%	
1000	=======	

Discount Rate:

The discount rate used to measure the total pension liability (asset) was 6.50%.

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that matching employer contributions from will be made at rates equal to the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

Sensitivity of asset to changes in the discount rate:

The following presents the County's proportionate share of net pension liability (asset) calculated using the discount rate of 6.50%, as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (5.50%) or 1-percentage point higher (7.50%) than the current rate:

	1% <u>Decrease</u>	Current Discount <u>Rate</u>	1% <u>Increase</u>
County's proportionate share of the net pension liability (asset)	\$1,295,672.45	\$ (7,806.18)	(\$1,069,905.72)

Pension Plan Fiduciary Net Position:

Detailed information about the plan's fiduciary net position is available in the separately issued SDRS financial report.

JOINT VENTURES

The County participates in two joint ventures to provide services to the regional areas encompassing each of the joint ventures. These are:

Five County Television Translator District North Central Regional E-911 Center

Five County Television Translator District:

The County participates in a joint venture, known as the Five County Television Translator District, formed for the purpose of providing television program distribution services to the citizens within the Translator District.

The members of the Five County Television Translator District and their percentage of participation are as follows:

Campbell County	10%	Potter County	15%
Edmunds County	25%	Walworth County	34%
McPherson County	16%		

The joint powers agreement is formulated in accordance with South Dakota Codified Laws (SDCL) 1-24 and 49-32A. The governing board consists of five representatives, one appointed by each of the five participating counties.

Pursuant to SDCL 49-32A-14, the operations and activities of the television district shall be financed by appropriations from the participating counties from the county general funds in the same proportion that the population of each county is to the total district population.

The County retains no equity interest in the net position of the joint venture, but does have a responsibility to fund its proportionate share of deficits of the joint venture. The proportionate share varies in percentage based upon the respective populations of the five counties.

Separate financial statements for this joint venture are available from Walworth County.

At December 31, 2019, this joint venture had total assets of \$186,466.72, no liabilities, and total net position of \$186,466.72.

North Central Regional E-911 Center

The County participates in a joint venture, known as the North Central Regional E-911 Center, formed for the purpose of providing efficient and consolidated E-911 services to the citizens of the member counties.

The members of the North Central Regional E-911 Center are as follows:

Original Members	Contracting Members
Corson County	Campbell County
Edmunds County	McPherson County
Perkins County	Harding County
Walworth County	Potter County
	Sioux County, North Dakota

The joint powers agreement is formulated in accordance with South Dakota Codified Law (SDCL) 34-45. The governing board consists of two members from each governmental entity entering the joint agreement. The War Hawk Civil Defense Coordinator, as well as a responder from the Standing Rock Emergency Services are permanent nonvoting board members.

The operations and activities of the center are financed by the telephone surcharge, less the state coordinator fee per phone of the participating government entity. Members receive collected surcharge funds from the South Dakota Department of Public Safety monthly and in turn remit all of those funds to the North Central Regional E911 Center.

The County retains no equity interest in the net position of the joint venture, but does have a responsibility to fund its proportionate share of deficits of the joint venture.

Separate financial statements for this joint venture are available from the Municipality of Mobridge.

At December 31, 2019, this joint venture had total assets of \$474,593.19, no liabilities, and total net position of \$474,593.19.

7. SIGNIFICANT CONTINGENCIES - LITIGATION

At December 31, 2019, the County was not involved any litigation.

8. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended December 31, 2019, the County managed its risks as follows:

Employee Health Insurance:

The county joined the South Dakota School Benefits Fund. This is a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The county pays a monthly premium to the pool to provide health insurance coverage for its employees. The pool purchases reinsurance coverage with the premiums it receives from the members. The coverage provides a deductible of \$1,000 per person up to \$3,000 per family. This Health Insurance is administered by Wellmark Blue Cross Blue Shield of South Dakota and has an unlimited lifetime accumulation benefit.

Liability Insurance:

The County joined the South Dakota Public Assurance Alliance (SDPAA), a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The objective of the SDPAA is to administer and provide risk management services and risk sharing facilities to the members and to defend and protect the members against liability, to advise members on loss control guidelines and procedures, and provide them with risk management services, loss control and risk reduction information and to obtain lower costs for that coverage. The County's responsibility is to promptly report to and cooperate with the SDPAA to resolve any incident which could result in a claim being made by or against the County. The County pays a Members Annual Operating Contribution, to provide liability coverage detailed below, under a claims-made policy and the premiums are accrued based on the ultimate cost of the experience to date of the SDPAA member, based on their exposure or type of coverage. The County pays an annual premium to the pool to provide coverage for:

- a. general liability;
- b. automobile liability;
- c. officials liability;
- d. law enforcement liability;
- e. automobile physical damage;
- f. boiler and equipment;
- g. building and property coverage;
- h. miscellaneous property; and
- i. flood & earthquake damage.

The agreement with the SDPAA provides that the above coverages will be provided to a \$2,000,000 limit. Member premiums are used by the pool for payment of claims and to pay for reinsurance for claims in excess of \$250,000 for property coverage and \$500,000 for liability coverage to the upper limit. A portion of the member premiums are also allocated to a cumulative reserve fund.

Effective January 1, 2018, the SDPAA revised the method of calculating the amount available to be refunded to a withdrawing member. Upon giving proper written notice to the SDPAA a member may withdraw. Within 120 days following withdrawal, or as soon thereafter as the next Annual Budget is completed, the SDPAA will advise the withdrawing member of its total calculated portion of contributions made to the SDPAA that shall be refunded. Refunds are calculated based on the pool's total contributions, along with the member's total contributions, current losses, unpaid losses, and loss expenses, the member's loss ratio, and number of membership years.

A member who withdraws from the SDPAA shall receive a calculated portion of their contributions refunded for unpaid casualty losses, based on the following schedule:

Years	Percentage
1	55%
2	50%

3	40%
4	35%
5	30%
6+	20%

All refunds shall be paid to the withdrawing Member over a five-year term.

As of December 31, 2018, the County's balance available to be refunded per the SDPAA was \$36,982.00, which was a decrease of \$14,747.99 from the previous year.

The County carries no deductibles for general and automobile liability coverages, a \$500 deductible for the officials liability coverage, a \$5,000 deductible for the law enforcement liability coverage, a \$250 comprehensive and \$1,000 collision deductible for the automobile physical damage coverage, a \$1,500 deductible for boiler and equipment coverage, a \$2,500 deductible for building coverage, a \$250 deductible for miscellaneous property coverage, and a \$250,000 deductible for flood & earthquake coverage.

The County does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

Worker's Compensation:

The County joined the South Dakota Municipal League Worker's Compensation Fund (Fund), a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The objective of the Fund is to formulate, develop, and administer, on behalf of the member organizations, a program of worker's compensation coverage, to obtain lower costs for that coverage, and to develop a comprehensive loss control program. The County's responsibility is to initiate and maintain a safety program to give its employees safe and sanitary working conditions and to promptly report to and cooperate with the Fund to resolve any worker's compensation claims. The County pays an annual premium, to provide worker's compensation coverage for its employees, under a self-funded program and the premiums are accrued based on the ultimate cost of the experience to date of the Fund members. Coverage limits are set by state statute. The pool pays the first \$650,000 of any claim per individual. The pool has reinsurance which covers up to statutory limits in addition to a separate combined employer liability limit of \$2,000,000 per incident.

The County does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage over the past three years.

Unemployment Benefits:

On January 1, 2010, the County elected to be self-insured and retain all risk for liabilities resulting from claims for unemployment benefits.

During the two years ended December 31, 2019, one claim was filed for unemployment benefits. This claims resulted in the payment of benefits in the amount of \$490.00. At December 31, 2019, no claims had been filed and were outstanding. It is not anticipated that any additional claims for unemployment benefits will be filed in the next year.

I have prepared the preceding notes to the financial statements.

Keith Schurr, Edmunds County Auditor

February 6, 2020

EDMUNDS COUNTY

NOTES TO THE SUPPLEMENTARY INFORMATION

Schedules of Budgetary Comparisons for the General Fund and for each major Special Revenue Fund with a legally required budget

Note 1. Budgets and Budgetary Accounting:

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Between the fifteenth and thirtieth days of July in each year the Board of County commissioners prepares and files with the County Auditor a provisional budget for the following year, containing a detailed estimate of cash balances, revenues and expenditures.
- 2. Prior to the first Tuesday in September in each year a notice of budget hearing is published once each week for two successive weeks, and the text of the provisional budget is published with the first publication.
- 3. The Board of County Commissioners holds a meeting for the purpose of considering the provisional budget on or prior to the first Tuesday in September in each year. Such hearings must be concluded by October first. Changes made to the provisional budget are entered at length in the minutes of the Board of County Commissioners.
- 4. Before October first of each year the Board of County Commissioners adopts an annual budget for the ensuing year. The adopted budget is filed in the office of the County Auditor.
- 5. After adoption by the Board of County Commissioners, the operating budget is legally binding and actual expenditures for each purpose cannot exceed the amounts budgeted, except as indicated in number 7.
- 6. A line item for contingencies may be included in the annual budget. Such a line item may not exceed 5 percent of the total county budget.
- 7. If it is determined during the year that sufficient amounts have not been budgeted, state statute allows the adoption of supplemental budgets.
- 8. Unexpended appropriations lapse at year end unless encumbered by resolution of the Board of County Commissioners.
- 9. Formal budgetary integration is employed as a management control device during the year for the General Fund and special revenue funds.

Note 2. Other Comprehensive Basis of Accounting Modified Cash Basis/Budgetary Accounting Basis Differences.

The financial statements prepared in conformity with USGAAP applied within the context of the modified cash basis of accounting present capital outlay expenditure information in a separate category of expenditures. Under the budgetary basis of accounting, capital outlay expenditures are reported within the function to which they relate. For example, the purchase of a new sheriff's patrol car would be reported as a capital outlay expenditure on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances, however in the Budgetary RSI Schedule, the purchase of a new sheriff's patrol car would be reported as an expenditure of the Public Safety/Law Enforcement function of government, along with all other current Law Enforcement Department related expenditures.
