

Inmate Mail

Important Update

In an effort to keep contraband out of the Edmunds County Jail, the Facility is implementing a new system for sending documents, photos and mail to inmates.

If you wish to send documents, photos and mail to inmates, we now have a quicker and more efficient method using our new Inmate Messaging system. Friends and families of inmates can visit **www.NCIC.com** and set up an account. You can then easily send messages to an inmate for instant delivery. You can also take a picture of any documents and attach to those messages. Messages are only \$0.25 per message and Picture Messages / Documents are only \$0.35 each. This is much cheaper than postage, envelopes and the time it takes to mail a letter and the inmate will receive the message and/or picture instantly. There will be no limits on how many messages and photos that can be sent.

Beginning **January 1st 2026**, all inmate mail must be mailed to the following address utilizing existing Edmunds County Jail mail rules:

Inmate Name
Inmate Number
Edmunds County Jail
PO BOX 591
Longview, Texas 75606

WARNING

Any mail that is sent to PO Box 591, Longview, Texas 75606 for processing will NOT be returned or released. Once the mail is processed and received electronically by the inmate it will be destroyed. This includes pictures or anything else mailed to the processing facility. By sending the mail to PO Box 591, Longview, Texas 75606 you agree to the items being destroyed and understand that anything you mail to PO Box 591, Longview, Texas 75606 will not be returned or reimbursed for.
